PRESS RELEASE
LLANDUDNO FIREWORKS 2017

4th September 2017
For Immediate Issue

Llandudno Town Council is planning a spectacular fireworks display fired from North Shore Beach on the 4th November 2017.

Chairman of the Fireworks Sub-Committee, Cllr Greg Robbins, commented: *“After the disappointment of not having a display last year, we have come up with a new idea and firing location for this year but we are awaiting the Marine License from Natural Resources Wales before the event can be confirmed as going ahead”*.

The event is being put on in conjunction with the Llandudno Pier Company and a specialist Pyrotechnic contractor, amongst many others.

If the required license is obtained, the fireworks display will be at 18:30 Saturday, 4th November 2017 on the North Shore and will be visible all along the promenade and from the Pier. The back-up date is Tuesday 7th November 2017 at 7pm.
