### **Official Statement**

#### **2020 Annual Llandudno Fireworks Display**

Llandudno Town Council has proudly organised the ‘Annual Fireworks Display’ since its inception back in 1976.

Regardless of the many challenges faced by the Council over the last 44 years it has always managed to put on well received displays, enjoyed by both local residents and tourists who have made Llandudno their destination of choice to enjoy what is now regarded by many as being the “best fireworks display in North Wales”.

However, the ‘Coronavirus Pandemic’ is upon us which, as far as the fireworks display is concerned, has brought with it so many insurmountable logistical and financial problems that the Council has taken the reluctant decision to cancel this year’s display.

The Council understands this decision will be met with disappointment by the many thousands of people who have enjoyed the display over the years, around 19,000 spectators in 2019 alone.

But having worked closely with various partners and agencies, and consulted with health and safety experts regarding the many stringent and complicated government rules, regulations and guidelines connected with COVID-19 (and the huge costs which would have been incurred), the Council was left with no other option but to cancel the 2020 display.

The Council apologises for the disappointment this decision will cause but assures you that work will begin as soon as possible to see if a display in 2021 can be staged.

In the meantime, please keep protecting the NHS and helping to save lives.
